AN EXAMPLE FOR YOUNG MEN

The Hon. W. B. Pugh Sees No Hope in Democracy.

Some days ago *THE LEDGER* announced that Hon. W. B. Pugh or Mayor of Vanceburg and always a Democrat, had concluded to ally himself with the Republican party in the future.

Today we give to our readers Mr. Pugh's letter, setting forth the good and sufficient reasons that induced him, as they should induce every other patriotic young American, to prefer Republicanism to-wit:

THE DESPERATION OF DEMOCRACY.

New York Sun.

Mr. Voorhees almost entreated Mr. Turpin in his frantic eagerness to corroborate him.—*Dispatch*.

Drowning men catch at straws, but the wind doesn't change and the water continues drowning at the old stand.

IT'S SILENCE IN GOLDEN.

St. Louis Globe-Democrat.

The official report of the business of the Whisks Trust for the past year shows a net profit of \$729,944 but it does not say anything about the value of favors received from the Democratic majority of the Senate Finance Committee.

FULL WEIGHT CHAUFFEURS.

Pottstown Dispatch.

But this only emphasizes the double stability of our present silver policy, first in using for token money a metal far more expensive than gold, which would sell at a small, and second, in putting out a form of money that is easily inflated, and in which the value of the material is so much less than the taken value of the coin as to put an immense premium on whole-sale and perhaps safe counterfeiting.

OPPOSITION TO AN INCOME TAX.

New York Tribune.

A number of Democratic Congressmen are so outspoken in their condemnation of the income tax proposal that even Prof. Wilson must see there is grave doubt of passing such a measure through the House. Among those who denounce the latest plan of Prof. Wilson's colleagues are Mr. Black, Constance, Connelly, Davis and Sperry. Evidently they are prepared to fight with all their resources this most unpopular idea, and we doubt not that many of their party associates will join with them.

ON another page of THE LEDGER will be found the manly letter of Hon. W. B. Pugh of Vaneburg, withdrawing from the Democratic party and allying himself with the Republicans. We commend his letter especially to young men, because we are persuaded that many others are just now contemplating such a step, preferring the unity and consistency of Republicanism to the disjointed and doomed Democracy. The course of Mr. Pugh should be the course of every patriotic young American who has seen his Nation disgraced and his flag dishonored by the damnable policy of the present Democratic Administration.

EVERY dollar sent across the sea to purchase the product of foreign manufacturers' articles taken from our own people the possibility of giving steady employment to those who throng our shores or patiently wait for a day's employment.

The markets of the world, of which so many glowing pictures have been painted by Free-traders of the United States, are as nothing when compared to the home market our producing millions for all of nature's stores. More than \$50,000,000,000 worth of goods, the product of our own country, find a ready sale in our own markets. This is larger than all the foreign trade of the world. Then why should we exchange this safe, sure, excellent place of finding sale for all we produce for the indefinite one that no Democrat has ever been able to locate or find?

THESE are not THE LEDGER's "crooks," They are simply "hows" from the industries and workmen that were promised such prosperity—when Mr. CLEVELAND and the Democratic party got into power:

BALTIMORE, April 27th.—The American Ax & Tool Company's works have shut down for an indefinite period.

NORTH ADAM, MASS., April 27th.—Two hundred employees of the Linwood Mill at Biggsville have struck on account of an 18 per cent reduction.

CLEVELAND, April 27th.—The Biegelow Carpet Company have stopped work in their woolen mill. How long they will remain shut down is not known.

BUHLAND, Vt., April 27th.—The Port Henry Iron Company will close their mines May 1st, and all work will stop. These hundred men will be thrown out of employment.

BOSTON, April 27th.—Clothing operators in the employ of Contractor Brovoki have struck to enforce a demand for an increase of 20 per cent. in wages. Brovoki says he can fill their places easily.

LEWISTOWN, Mass., April 27th.—About fifty hands employed at the Rockwell Yarn Mills have struck for a restoration of the wage paid last fall. They were cut at that time from \$1.40 to \$1.35 per day.

TO be continued throughout the entire existence of this Democratic-British-Free-trade-Administration.]

HIS the able Editor of *The Bulletin* heard anything about the 150,000 miners that are on a strike under this beautiful Democratic Administration that was going to make \$50 greenbacks grow on green apple trees?

Among those who denounce the latest plan of Prof. Wilson's colleagues are Mr. Black, Constance, Connelly, Davis and Sperry. Evidently they are prepared to fight with all their resources this most unpopular idea, and we doubt not that many of their party associates will join with them.

ON another page of THE LEDGER will be found the manly letter of Hon. W. B. Pugh of Vaneburg, withdrawing from the Democratic party and allying himself with the Republicans. We commend his letter especially to young men, because we are persuaded that many others are just now contemplating such a step, preferring the unity and consistency of Republicanism to the disjointed and doomed Democracy. The course of Mr. Pugh should be the course of every patriotic young American who has seen his Nation disgraced and his flag dishonored by the damnable policy of the present Democratic Administration.

EVERY dollar sent across the sea to purchase the product of foreign manufacturers' articles taken from our own people the possibility of giving steady employment to those who throng our shores or patiently wait for a day's employment.

The markets of the world, of which so many glowing pictures have been painted by Free-traders of the United States, are as nothing when compared to the home market our producing millions for all of nature's stores. More than \$50,000,000,000 worth of goods, the product of our own country, find a ready sale in our own markets. This is larger than all the foreign trade of the world. Then why should we exchange this safe, sure, excellent place of finding sale for all we produce for the indefinite one that no Democrat has ever been able to locate or find?

THESE are not THE LEDGER's "crooks," They are simply "hows" from the industries and workmen that were promised such prosperity—when Mr. CLEVELAND and the Democratic party got into power:

BALTIMORE, April 27th.—The American Ax & Tool Company's works have shut down for an indefinite period.

NORTH ADAM, MASS., April 27th.—Two hundred employees of the Linwood Mill at Biggsville have struck on account of an 18 per cent reduction.

CLEVELAND, April 27th.—The Biegelow Carpet Company will close their mines May 1st, and all work will stop. These hundred men will be thrown out of employment.

BOSTON, April 27th.—Clothing operators in the employ of Contractor Brovoki have struck to enforce a demand for an increase of 20 per cent. in wages. Brovoki says he can fill their places easily.

LEWISTOWN, Mass., April 27th.—About fifty hands employed at the Rockwell Yarn Mills have struck for a restoration of the wage paid last fall. They were cut at that time from \$1.40 to \$1.35 per day.

TO be continued throughout the entire existence of this Democratic-British-Free-trade-Administration.]

PERSONS who are subject to attacks of bilious colic can almost invariably tell, by their feelings, when to expect an attack. If Chamberlain's Colic, Cholera and Diarrhea Remedy is taken as soon as these symptoms appear, they can ward off the disease. Such persons should always keep the remedy at hand, ready for immediate use when needed. Two or three doses of it at the right time will relieve them much suffering. WARDENS FIGHT

In the Chapel at the Ohio Penitentiary.

Deputy Warden Playford Knocks Out Deputy Warden Stackhouse.

The Fight Was With Some Suspense in the Chapel, While the Convicts Were Waiting for the Weekly Admonition to Flea From the Wrath to Come.

COLUMBUS, O., April 30.—The excellent discipline with which the warden is consistently maintained at the Ohio penitentiary was admirably illustrated Sunday, in the presence of nearly 2,000 amused convicts, 200 shocked visitors and a few interested guards. Deputy Wardens Playford and Stackhouse had a fight to the finish in the chapel while the congregation of convicts were waiting for the weekly admonition to flee from the wrath to come. It was a most disgraceful affair, the evident result of the jealousy that has characterized the wardens' treatment of the inmates. Capt. Playford, who takes Stackhouse to be out of the prison Monday, Col. James was recently reappointed for two years, but failed to reappoint Capt. Playford because that official has been so uniformly popular with the press, the guards and the convicts that the warden was in danger of losing his identity.

As Capt. Playford is to quit Monday, he thought it might be fitting to give those with whom he has been thrown into the paddling department of Jones & Laughlin's mill, the Shilo Hotel, Singing Hill, and Co., and probably the Clinton mill, will probably close Monday night.

THE SECOND WEEK.

President McBride says 16,000 Miners Are Now Out.

Montana, April 30.—President McBride says the second week of the strike begins auspiciously for the miners. They have their forces well in hand, and are receiving reinforcements daily. All the men engaged in mining black coal in Montana, excepting only 500, are now participating in the strike. There are 3,000 in all. Of the 17,000 men employed in mining coal in the coke regions of Pennsylvania 15,000 are now out. In his previous estimate he counted only 1,000 men out.

None had included in his last estimate the Montana block miners mentioned above. Altogether, of the 150,000 men employed in the United States mining bituminous coal for all purposes 100,000 are now out participating in the strike ordered by the national convention.

Recreations at Lima.

LIMA, O., April 30.—Several hundred tramps are camping a mile or so west of this city along the Ft. Wayne railroad. About twenty-five arrived there Wednesday, but many others have joined them, until now there are about 300. They are after all, however, a goodly band of wayfarers in a few days. Another party is camping east of the city along the same road. They're also bound for Washington and are laying for a train.

Conflict Imminent in Tennessee.

KNOXVILLE, Tenn., April 30.—Positive information comes from Coal Creek that the miners there must walk or take a boat to get to town to give up. The latter have asked that the Coal Creek miners strike May 1, even if their contracts do not expire for several months. The Coal Creek miners are backed by their operators and nothing less than state troops will prevent a conflict.

LONDON, April 30.—A dispatch to the Swiss minister from Rerno says that Switzerland has represented to Dr. Clapdale, the Swiss minister at Washington, that the Swiss are to regard to the arbitration between Chile and America, to award \$240,564, instead of the \$300,000 demanded.

Important alterations in the sugar schedule of the Tariff Bill have been agreed upon by the majority of the Senate Finance Committee. The proposed rates are a tariff of 40 per cent ad valorem on all sugars, an additional tariff of one-eighth of a cent a pound on refined sugars and a tariff of one tenth of a cent a pound on sugars imported from countries that pay a bounty on sugar production. The time for the sugar schedule to take effect is postponed until January 1st, 1894, so that the Louisiana planters will receive the bounty on this season's crop.
